

# Effects of Global Climate Change on Water

## What can you do to help tackle the climate crisis?

-  **Change your diet**
-  **Reduce travel in private vehicles**
-  **Reduce flying**
-  **Create a wildlife habitat in your garden**
-  **Protect our soils and green and blue spaces**
-  **Reduce, recycle and reuse**
-  **Share the changes you've made with others**
-  **Make your voice heard by the ones in power**
